Thriving in a cold and infinite universe where everything is done better, cheaper, and faster by robots

Box of Happiness

Start a collection of things that make you smile. Use a box, a drawer, or just a folder on your computer. Save pictures, tiny trinkets, funny ideas, mementos... anything that makes you unambiguously happy. Make it a collection that you enjoy visiting, and add to it whenever you get the chance.

BONUS:

As time goes by, some things in your Box of Happiness may not make you happy anymore in the same way—that's okay! Feel free to not only *add* to your box, but *remove* from it, too. If you take something out of the box, take a moment to be grateful for all the times it did made you happy.
